## The Chapel at Green

### Church Campus

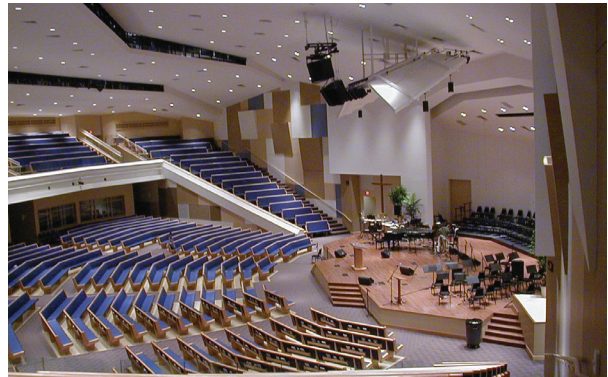

Green, OH | \$18,000,000 | 144,000 SF

Two-story 144,000 SF structure with sanctuary, classrooms, offices and support facilities on an 80-acre campus. The 21,000 SF, 1,800 seat worship center is the focal point of the new campus.

The worship center is equipped with suspended catwalks for audio and lighting for television and live broadcasts.

A large fellowship atrium is centrally located providing a “town center” for church activities and for the congregation to socialize.

The project also incorporates child care, youth ministries, a full service kitchen, and a cafe.

### Structural Systems:

**Foundation:** Spread footings

**Structure:** Long span steel joist roof system and composite steel beam floor system
