

Akron Zoological Park

Pride of Africa / Wild Asia

Akron, OH | 2019 | \$6,592,000 | 2.5 Acres | LEED V4 Certified

Designed new lion exhibit, hoofstock/large bird exhibit, tiger exhibit, red panda exhibit and primate exhibit. Including three new wood framed structures and revised pathway lighting, power and sound.

Scope of Services for Pride of Africa Exhibit: designed new buildings for the exhibit including a precast concrete lion holding building, a eucalyptus post-framed lion exhibit viewing structure, a wood pole barn for housing gazelle and stork, wood framed ticket buildings, a wood framed train station building, and wood framed restroom building.

Scope of Services for Wild Asia Exhibit: designed new buildings for the exhibit including a precast concrete tiger holding building, a steel and wood framed tiger viewing amphitheater, and a masonry with wood truss primate exhibit building.

TBA has been providing Civil Engineering, Landscape Architecture, Structural, Mechanical, and Electrical Engineering design services to the Akron Zoo since 2000.
