C. Blake McDowell Law Center Renovations

Akron, OH | \$20,800,000 | 120,000 SF

Renovation of an existing two-story building with a basement totaling 120,000 SF. Project included demolition of the existing 1971 building renovation of the remaining circa 1960 classroom building and adding a new two-story 12,000 SF addition. The exterior facade of the existing 1960's structure was refaced to aesthetically complement the new addition resulting in a seamless transition between old and new.

Structural Systems:

Foundation: Deep pile foundation

Structure: Composite steel framed system with unique 1-story tall transfer truss
